

Rules of Golf Reference Material

The following resources have been recommended by the CDGA Rules Committee. These are in addition to the educational material that become available to you when you sign up for a PGA/USGA Rules of Golf workshop.

If you are looking to enhance and build upon your Rules of Golf knowledge, the CDGA Rules Committee members suggest an individual spends an average of 1-2 hours per week studying the Rules of Golf.

Tips from the Rules Committee:

1. Know your [definitions](#)!
2. Taking quizzes might be one of the most important educational resource. Even if you know the answers – practice looking up the answers (find it in the book!). And when you get one wrong, take some time to study that question/answer.
3. The Rules Committee and CDGA Staff are always available to answer any questions. Don't be shy to ask questions.
